## About the Event

The future is here, driven by innovation and technology! Edge+ 2024 brings five industry-focused workshops and an exciting hackathon to sharpen technical skills. This initiative aims to spark creativity, promote innovation, and advocate for the power of free and open-source software.

# event#1 HACKATHON

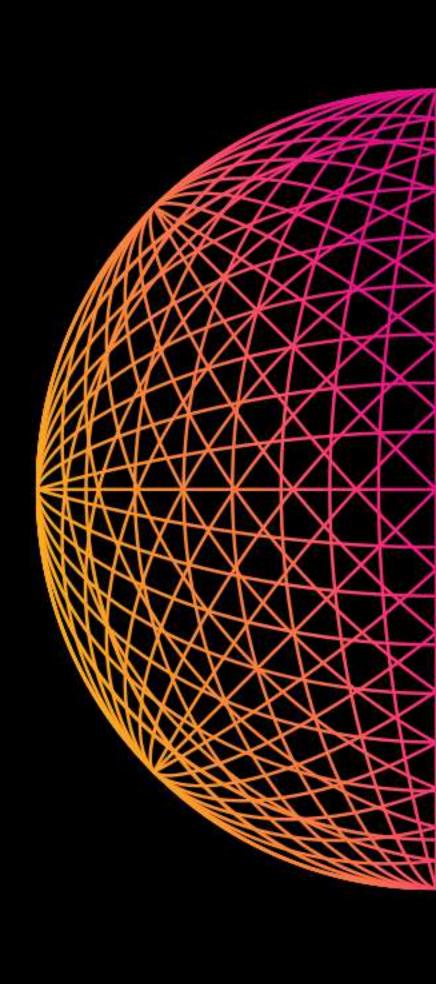

A 24-hour hackathon aimed at addressing real-world challenges through innovative solutions. The event offers exciting rewards and opportunities to connect with industry leaders.

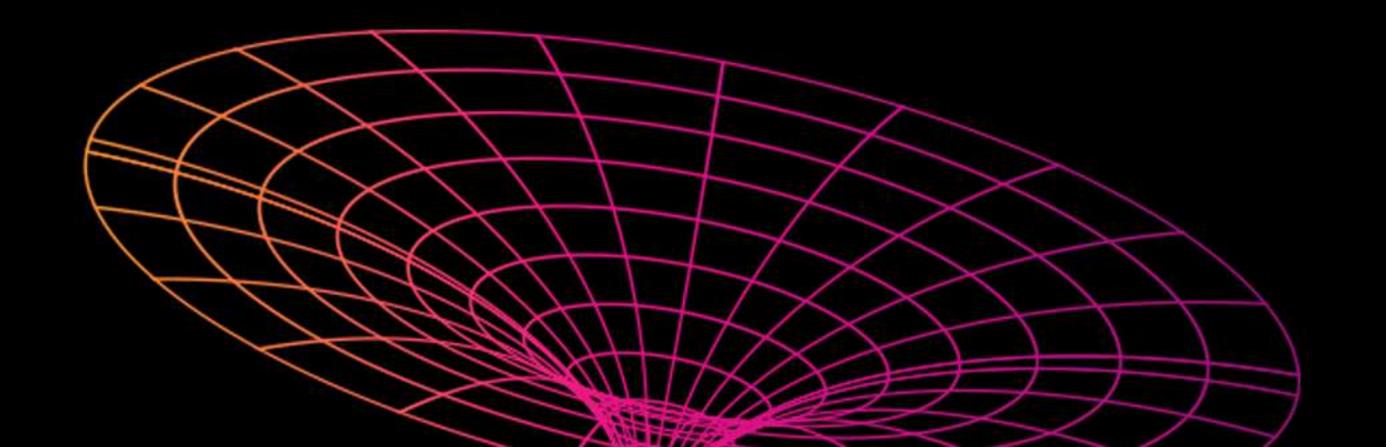

# event #2 WORKSHOPS

Five workshops designed to provide practical insights and hands-on experience in various trending technologies. These sessions focus on enhancing technical expertise and exploring innovative approaches.

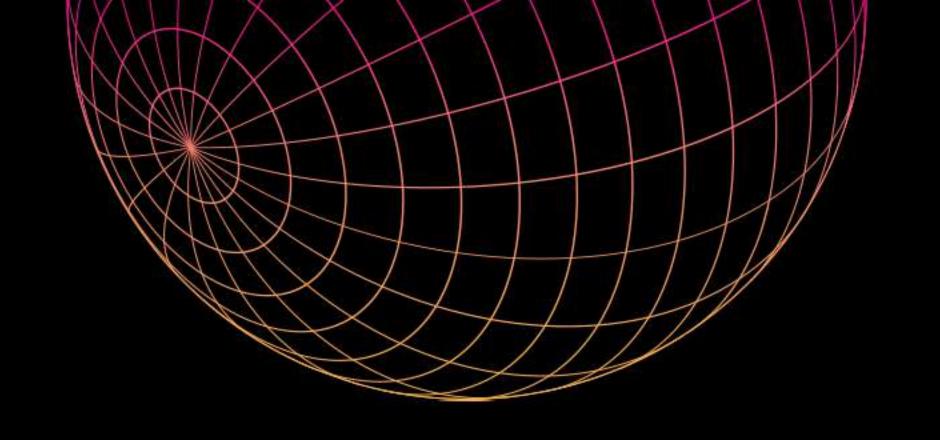

# event #4 PRE-EVENTS

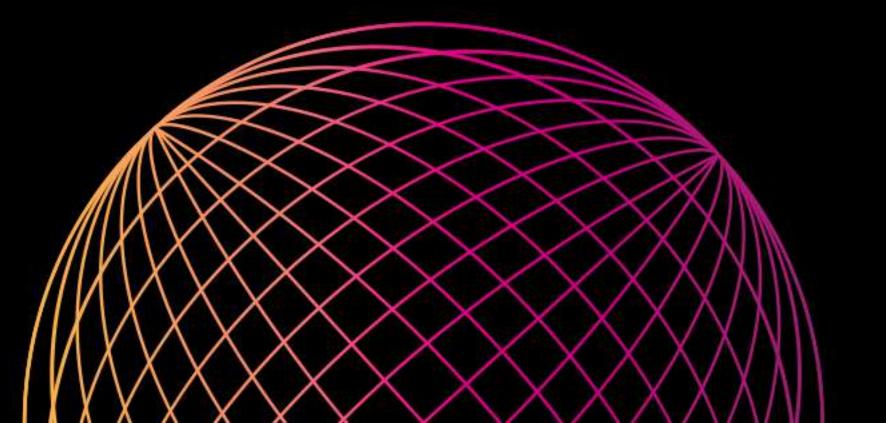

Pre-events provide a platform for individuals to explore their passions and connect through shared experiences. They aim to entertain and inspire, featuring engaging activities that celebrate creativity and community spirit.

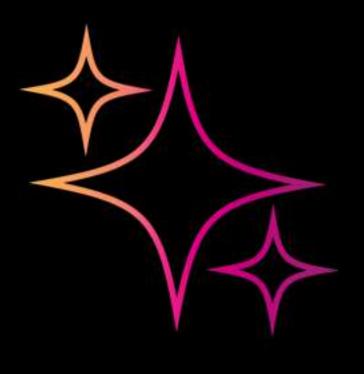

### organiser SA

The Federal Institute of Science and Technology (FISAT) is a self-financing private engineering college established and managed by the Federal Bank Officers' Association Educational Society (FBOAES). FISAT is dedicated to enhancing the quality and value of education while fostering the development of high-caliber individuals.

### organiser

### 

The Department of Computer Science & Engineering, established in 2002, is recognized by APJ Abdul Kalam Technological University as a research center for Ph.D. programs. The department boasts a team of skilled and dedicated faculty who actively encourage students to participate in co-curricular activities alongside their academic pursuits.

### organiser A G

ACM, the largest global educational and scientific computing society, provides resources that promote the advancement of computing as both a science and a profession. The ACM Student Chapter at FISAT was established to create a dynamic and interactive community for students in the Computer Science department.

## Why Sponsor Us?

#### Online Promotions

Through our social media platforms and website, we will prominently showcase your brand as a sponsor, ensuring it gains visibility and stands out from the competition. The level of sponsorship determines the priority of promotion.

#### Offline Promotions

Depending on the sponsorship level, your brand's logo will be featured on relevant banners, decorations, photo booths, certificates, posters, and flex boards displayed throughout the campus. Additionally, sponsorship tracking will be made available.
